

Visualization 3

Questions/Curiosities:

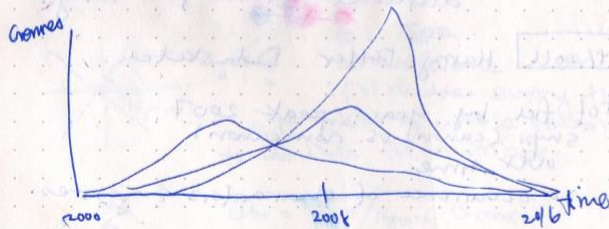

1. Which eras introduced when?
 2. Which characters peaked when?
 3. Which pairings peaked when?
- = Who else do they get frequently get paired with?
How does that compare w/ canon?

Ships!

4. Which pairings & characters co-occur w/ which?

Pairings & genres they're most in!

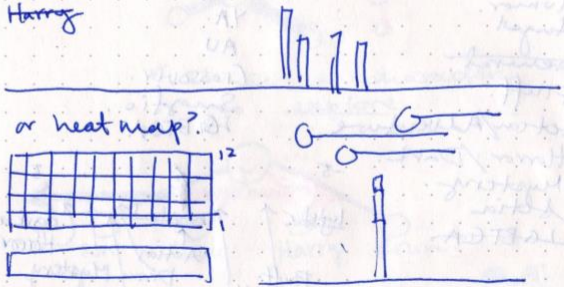

😊 Harry Potter & his ladies.

□ = 10 stories? 50? 100?

Show all the pairings

Harry

1/27/2017 Try this again.

• • • • •
10px = 100 stories

Timeline: by month.

Matrix: top 5 (or 10) characters?

1. Hermione

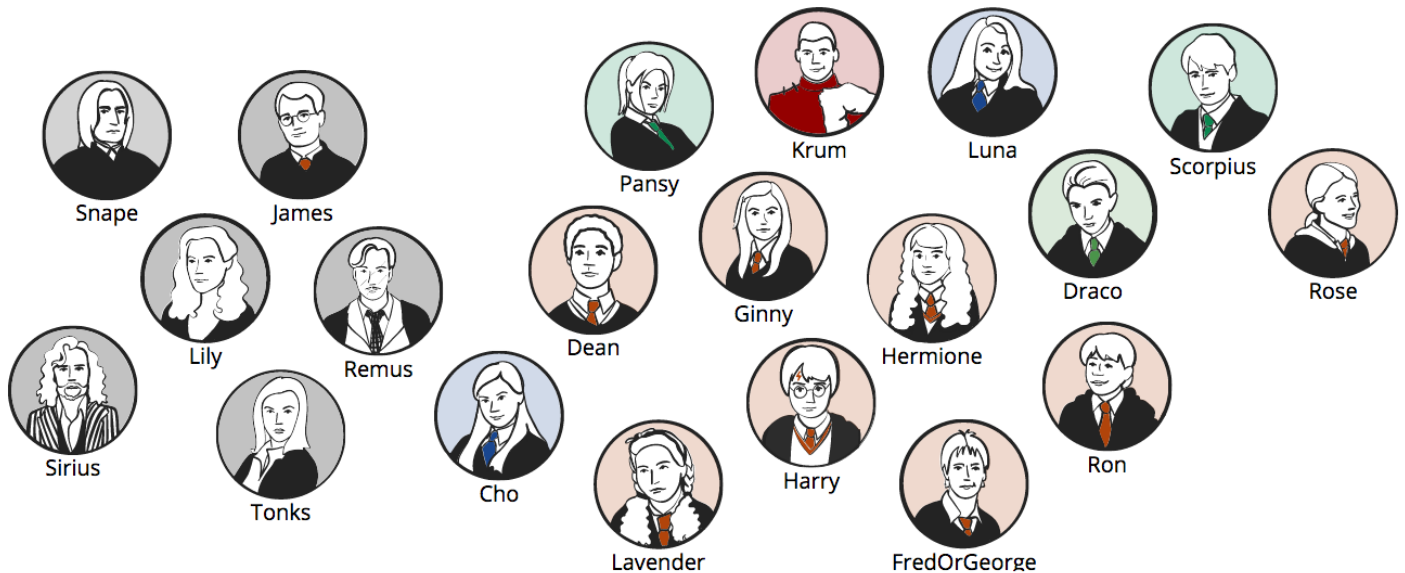

2. Harry

Opinion

This helped me understand the question I should ask while designing a viz

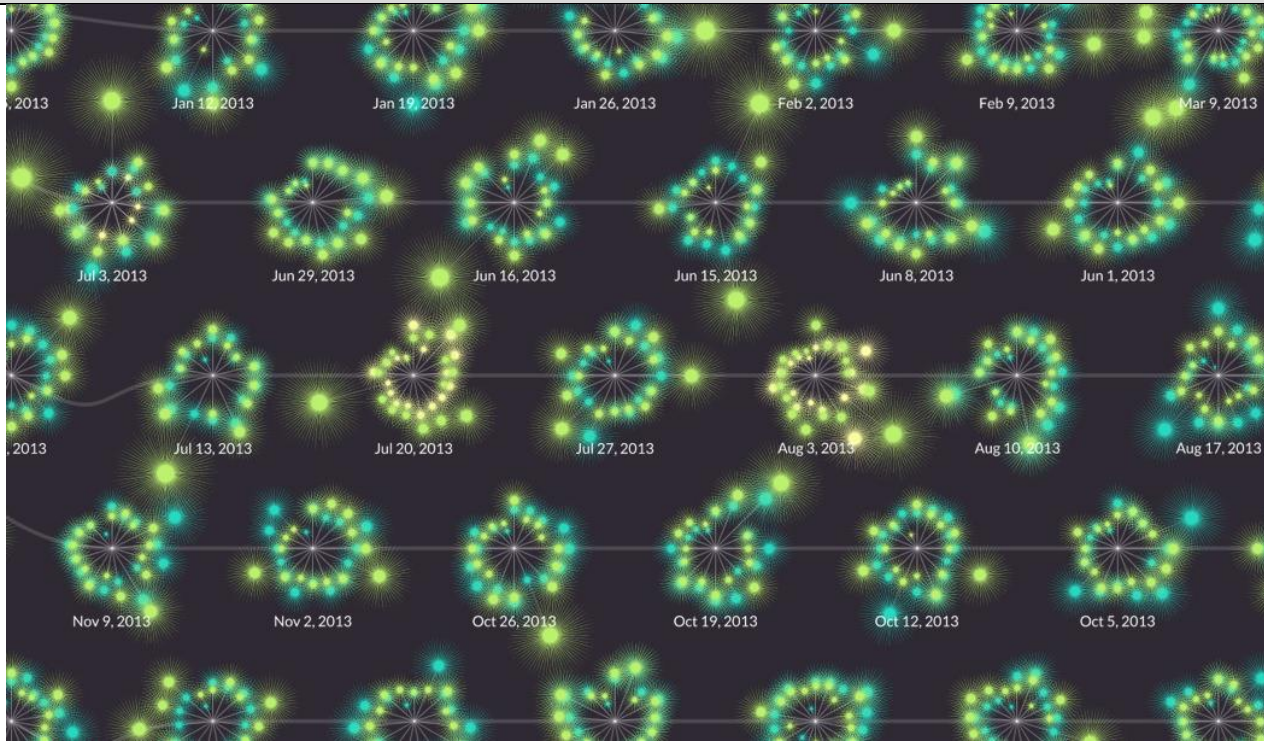

Visualization 4

Opinion

This is a great example of a visual variable to differentiate characters

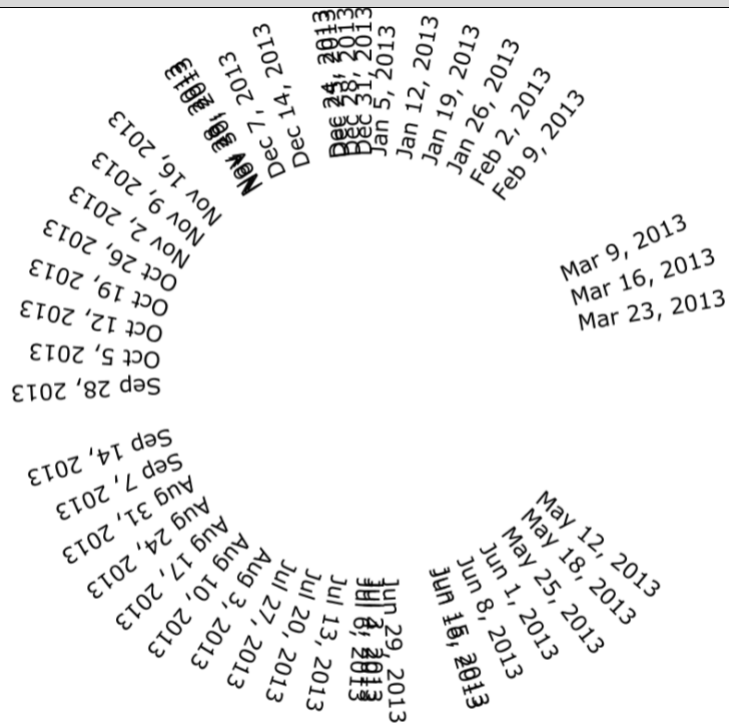

Visualization 5

Opinion

This is another interactive viz I really liked

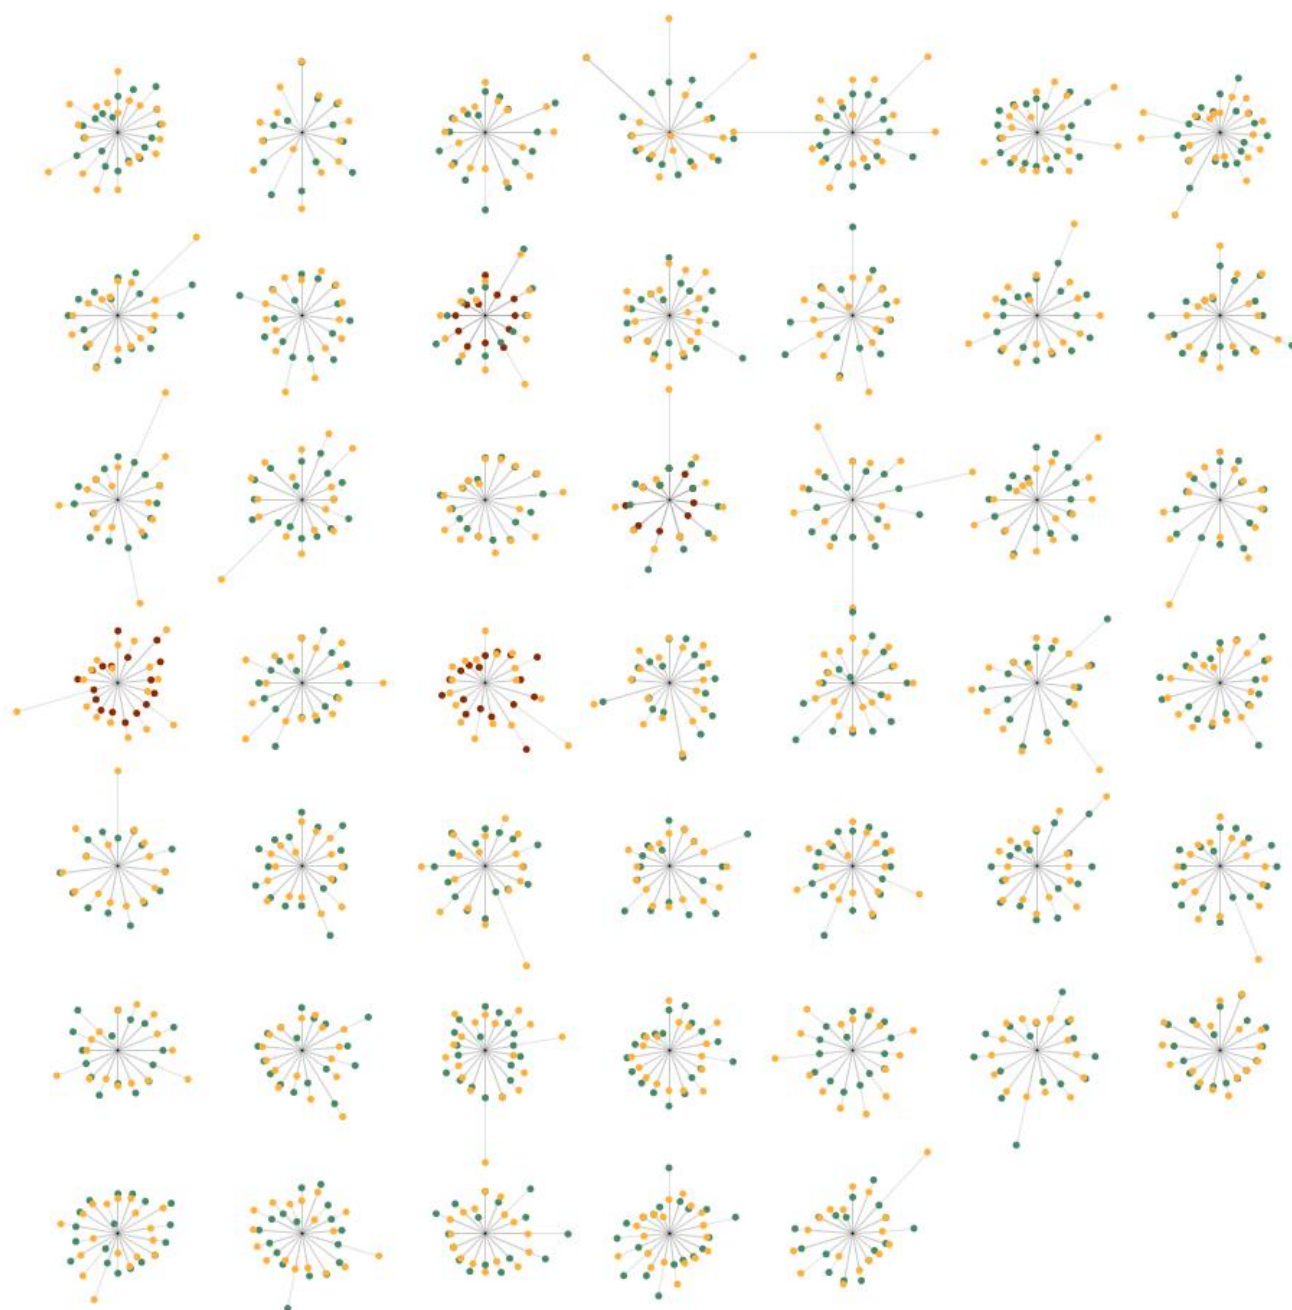

Visualization 6

Opinion

This visualizes the skeleton behind the previous info viz

Visualization 7

Opinion

This is a viz that portrays the timeline in circular format
