# CMPT 767 – Visualization Week 8 Journal - IEEE Data Viz Meet (2)

Date: 26th October 2019

Name: Anurag Bejju (301369375)

Theme: This week I wanted to log all the cool visualizations I have seen at the IEEE data Visualization meetup held at BrainStation.

Visualization 1	
Opinion	This visualization showed how the European alliances were before world war 1

Visualization 2	
Opinion	This was a sketch done before creating a data comic.

Visualization 3
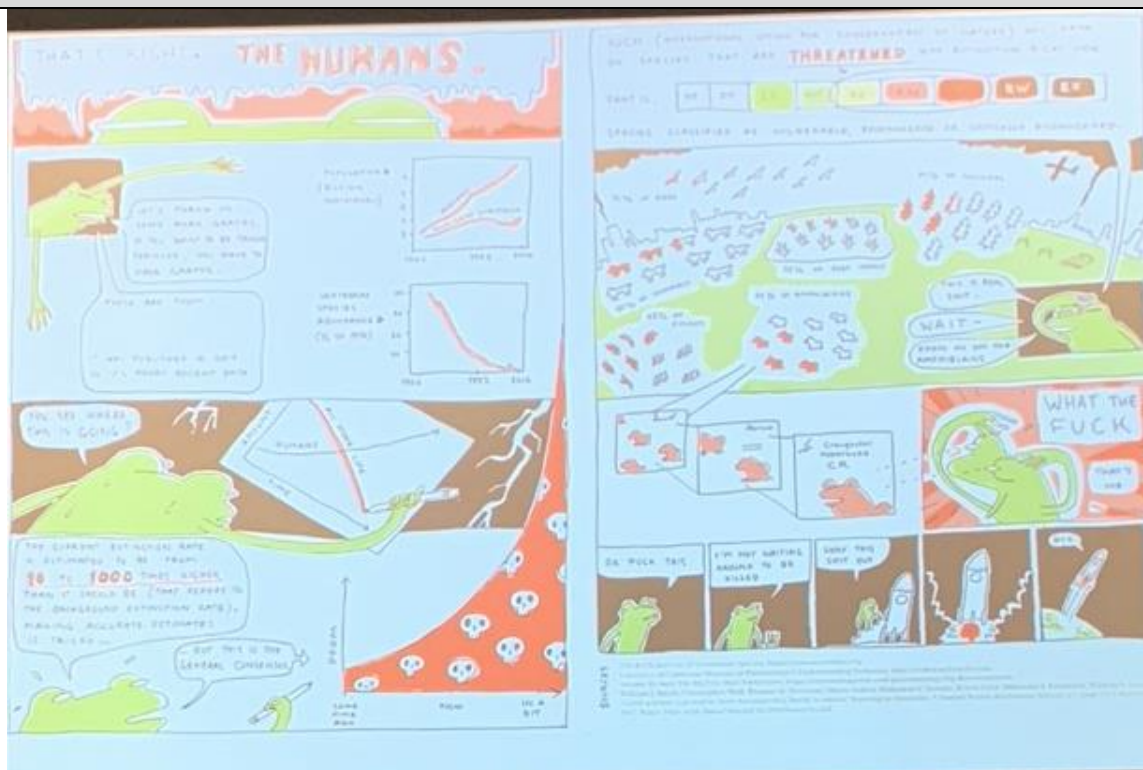

Opinion	This visualization uses comics to visualize data points.

Visualization 4
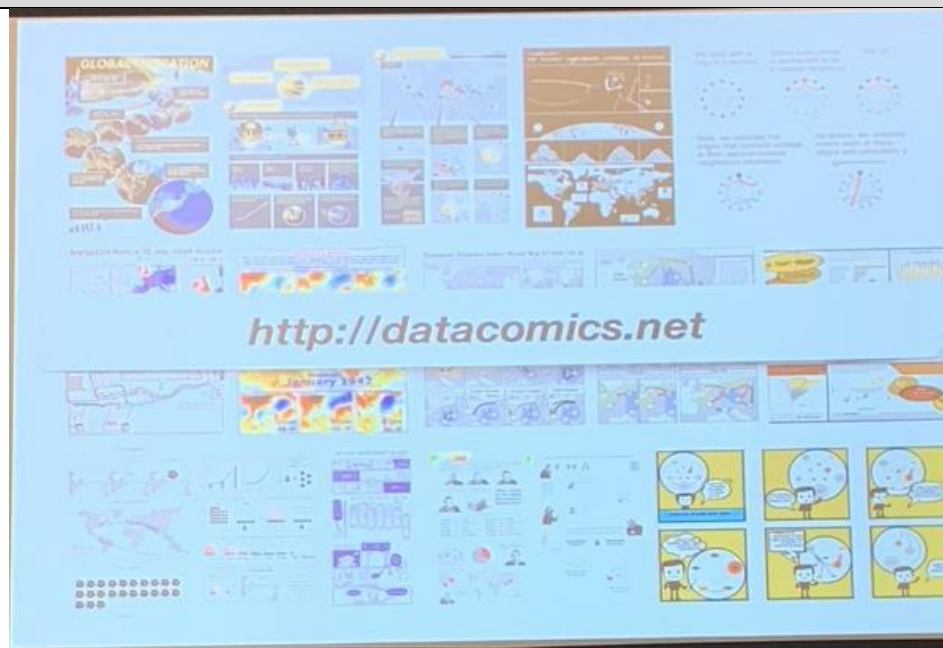

Opinion	This is a website that has all visualizations that uses comics to tell a data story.
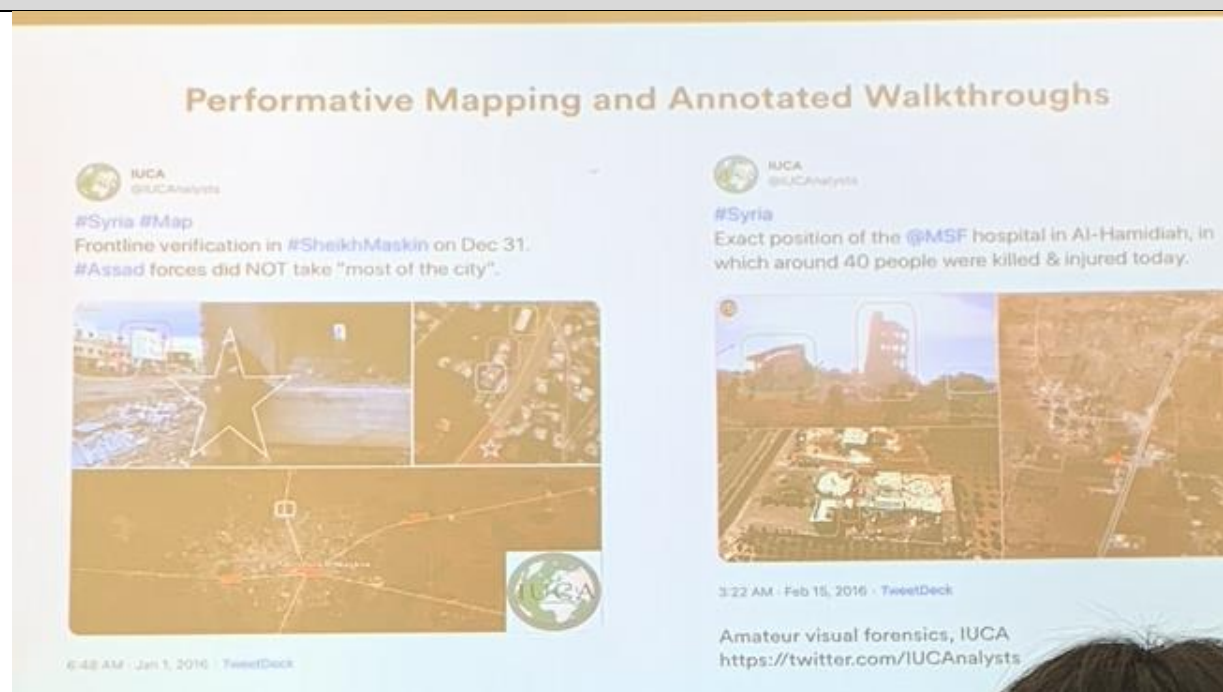

Visualization 5	
Opinion	This was a super cool concept where we use performative mapping and annotated walkthroughs
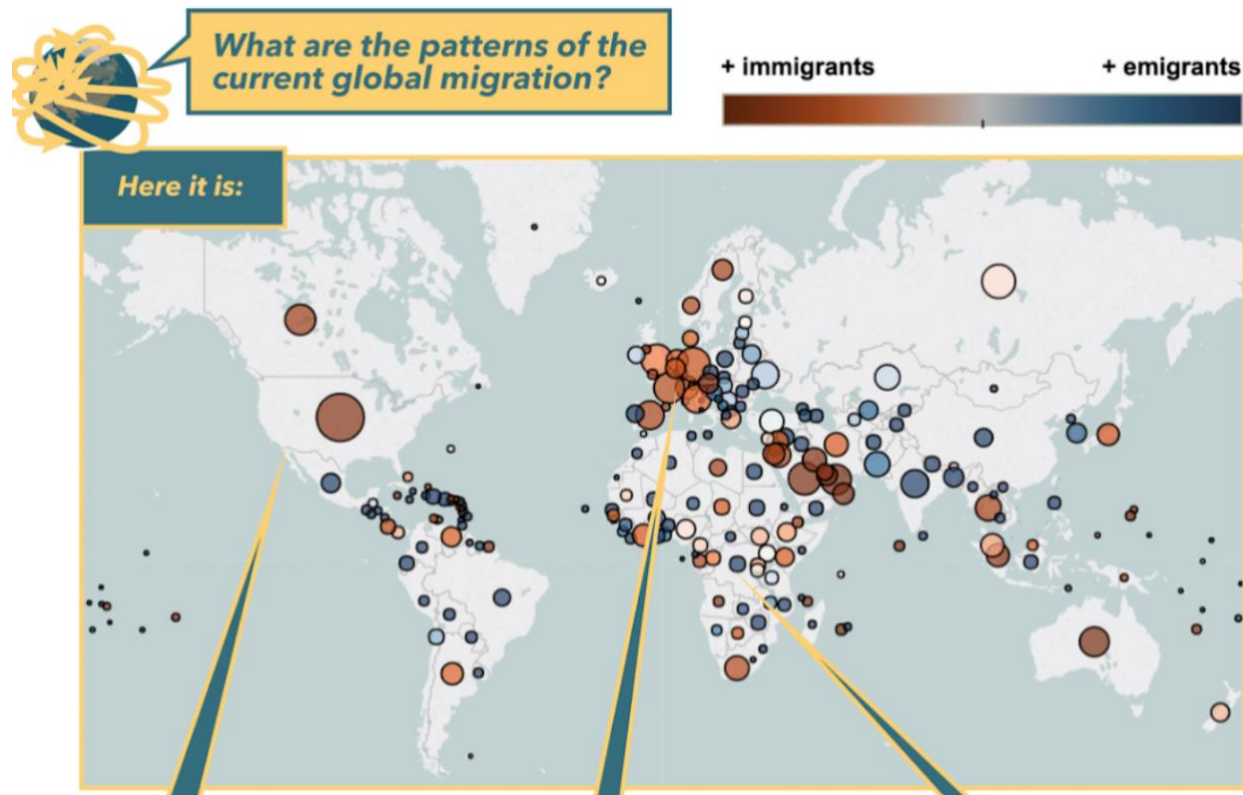

Visualization 6	
Opinion	This visualizes current global migration
